# Usertesting

Screener

- Have you used lounge in the last 6 months?

Tasks to the Users

- How do you think the app logo resonated with the functionality of the app?

- Book a lounge

- Once the lounge booking is completed, go to the current bookings

- Explore the notification and rate the lounge

What Worked?

3/3 users were able to:

• Identify that the app logo is in-line with the functionality of the app

• Book the lounge using a subscription plan

• Navigate to the current booking screen after lounge booking is confirmed

• Identify the notification to rate the lounge from Notifications screen and later submit their rating
